FOR INDIVIDUAL PROJECTS

W O O D

PROFICUT EXACT

The arch guided PROFICUT EXACT offers you the possibility to implement PRINZ know-how in chain saw technology into already existing installations. The precise arch guiding of the bar in combination with the lubricating system, integrated in the bar head, secures an accurate cut result. Saw motor available with 7,5 kW and 11 kW.

- + **Benefits:** universal cutting unit, for the timber and log yard, +/- 2 mm cut accuracy

BASICBLOCK

Handy, powerful and above all very versatile, the BASICBLOCK is the very entry-level model among PRINZ cutting equipments. Motor available with 7,5 kW, 11 kW and 15 kW. The automatic chain lubrication with 5 l oil tank capacity is also included.

- + **Benefits:** suitable for mobile and stationary solutions

UNIBLOCK

To integrate individually in all sawing applications. Motors available with 7,5 kW, 11 kW and 15 kW. Equipped with a powerful hydraulic cylinder for cut. The chain lubricating system with 5 l oil tank is also already included in the features of the UNIBLOCK. The kit can be individually completed according to your needs.

OPTIONS

Guiding arch for guide bar • stabiliser • hydraulic unit • different cutting lengths • customised control systems and much more

V1-22 | Errors and misprints excepted.
